Note

Training of candidates in the Vaccine Institute at Bang alone for the posts of Dy Inspector of Vaccination and Vaccinators

---

In their proceedings No 12452-53 dated the 2nd May 1899 Govt drew the attention of the Senior Surgeon to certain provs of Govt prohibiting Durbar Officers from Corresponding direct with the British Officers except on matters of mere routine, observed that his proposal to train candidates from the Madras Presidency in the Vaccine Institute at Bangalore and to levy fees from them ought to have been, in the 1st instance, reported to Govt, before he took any action in the matter, and declined to sanction his proposal to permit the Supdt of the Institute and his asstts to appropriate the fees collected from the Candidates, which, he was

The Surgeon to Govt 50% of fees

till 30 June 1900 when

Teaching allowance

Draft accdg & submit to Govt before 30/3/00

was directed to credit to Govt.

2. With refce to the above the Senior Surgeon again brings to notice that the teaching of these Candidates requires previous study, and that therefore the Supdt of the Institute and his assts have to devote their leisure hours for this which might be employed in private practice, and recommends that the fees collected may be ordered to be given to the Officers of the Institute, as a remuneration for the extra work thus imposed upon them, which, he considers, cannot legitimately be classed as Govt work In his letter No 1843 of 25-5-99 to the Senior Surgeon, Mr V Abboy Naidu Supdt of the Institute quotes a precedent in which Dr Sreenivasa Rau Chemical Exr & Bacteriologist to Govt was allowed Rs. 200 for teaching the students in the Central College

At the rate of
Rs. 25 per Candidate seeking admission into the Dr. Insp class
10 per - do - for Vaccinators Certificate.

Hyderabad Students qualifying for service in the State are taught free

The Senior Surgeon quotes the case of the same Chemical Examiner for whom Govt have sanctioned a fee for examining articles sent by private individuals & 5 per cent is credited to Govt for the chemicals used. In the case of the teaching in the

Vaccine Institute he says that Govt. is not just to any expense.

5 9/4

3. The Senior Surgeon also points out that there has been no direct Correspondence on the subject between him and the Madras Govt, so that the Govt orders on the subject have not in any way been violated by him.

28/6/99

Sd W. Lee

30/6/99

† The direct correspondence objected to was with the Sanitary Comm. Madras not with the Govt. of Madras

Submd to Hon'ble C

3-7-99

11662

The Hon'ble may be informed that the order quoted in the margin of para 1 of G.O. 2 May 99 prohibited direct offers from corresponding direct not only with the Madras Govt but with any Offrs in British India.

As regards fees they should all be credited to Govt as already directed; and a portion thereof say 50 % may, I think, be paid to the med Offrs as remuneration for imparting instruction to Students undergoing tuition in the Vaccine Institute

The papers have been made up into open file as ordered, which was omitted to be done in the first instance through an oversight.

WB
30/1/01

This report shows that there is not much likelihood of the Treasury receipts under the head Forests for the year 1901-02 as the Department for training in Vaccination - The payment of a fixed monthly allowance will therefore out of the question - As to the former suggestion 50 per cent of the collections may be ordered to be paid, though this procedure seems objectionable in principle - No other solution is feasible except as decided

1 [illegible]

That no training of students from British India should be undertaken unless Native Institutions in the Presidency are prepared to do the work without remuneration for such a decision seems quite proper and may be adopted for future guidance. The Madras Govt. have already stated that Natives are employed as far as possible & there is no reason why we should train students for them specially as the Institution has turned out to be much larger than we demand

Institute to appropriate the whole of the fee Collection was not approved of by Govt on the ground that "they are salaried officers of Govt, and cannot on principle be allowed to regard the amount of fees levied as the portion of their legitimate income" Para 2 of paper S. No) On a further representation of the Senior Surgeon, Govt sanctioned, as a tentative measure till 30th June, 1900, 50% of fee collections to the Med. Officers employed in teaching and observed that after that date a fixed teaching allowance would be sanctd. Papers S. Nos 8, 10 & 12.

After the expiry of the period covered by

by the said order, the Senior Surgeon recommended the Continuance of the part of percentage to the teaching staff, and in the event of his recommendation not finding favour with Govt, he proposed ~~to give~~ the grant of an allowance of Rs 15/- a month each to the Supdt of the Institute and his Apptt Paper S No 18 Upon this the Senior Surgeon was requested to state the amount of fees Collected since 1st May 1901 and the probable amount expected to be Collected thereafter. Paper S No 19 That Officer replied that Rs 355/- were Collected from 1st May to 31st Dec 1901, that it was not possible to state the

the probable amount of future fee Collection as out of about 80 students passed out from the Institute as qualified, more than 80% had then to be proceeded with agnts in the Madras Presidency and that since Dec 1900, only one student had sought admission to the Class of Vaccinators and none for that of Dy Inspectors of Vacc. Papers Nos 20

Thereupon Govt directed the discontinuance of the system of training in the Institute students from British India, unless the Supdt & Hos Asstt of the Institute were prepared to do the work without expecting any remuneration for it Papers Nos 21.

In

2/

In paper S No 24 the Senior Surgeon again recommended the reversal of the system of fuction in the Institute and the payt of 50% of fee collection to the teaching staff. and Govern^t in their order of the 9th May, 1901, paper S No 26, sanct^d the recommendation made as a special case and directed that students seeking admission "may be admitted this year"

With refee to the above order, the Senior Surgeon made a demi Offl refee enquiring whether the term "this year" used in the order referred to the past Offl year or the present Calendar year 1901. Paper No 27

In reply he was told d.o. that the term

on question referred to
the time during which
the Candidates were
to be admitted for training
but did not extend
the period of training
Paper S. No 30

In his present letter
to Govt No 302 of 10/8/07
the Senior Surgeon strongly
recommends sanction
being accorded to the
Continued Tuition of
pupils at the Institute
on the same Conditions
as at present In his
D.O. of the 10th instant
on the same subject
that Officer says in
the end "Sorry to bother
you with this long D.O.,
but I do want the
work of tuition at the
Institute Continued
We are the only people
in the East, who are
doing the this most excellent
work and it would
be

7/ 16 we decidedly a retro grade step to give it up"

A.V.
16/8/07

What is asked for is the general sanction of Govt to the payment to the Supdt of the Vaccine Institute and to his Assistant one half of the fees collected from candidates from outside the Mysore State who are trained in the Vaccine Institute, the other half of the collections going to Govt. Govt have been averse to sanction this as a general measure on the ground that such payment by Govt to its Officers is objection-able on principle. They have however sanctioned such payment temporarily on more than one occasion.

Major Smyth urges that the work of training of students is an undoubted "extra" work, for which the Supdt of the Institute must be remunerated, that Mr. Abboy Naidu does the work well, and that the practice of teaching affords the Supdt

the best means of keeping himself abreast of the literature and practice of vaccination. He therefore strongly recommends the proposal for the sanction of Govt.

The recommendation appears to deserve favorable consideration in the hands of Govt. The Madras Govt are making arrangements for establishing their own Vaccine Institute, and when they are completed in the course of a year or two, the need for training Madras candidates in the Bangalore Vaccine Institute will probably disappear.

SIR,

I have the honor to report for the information of Government that agreeably to certain proceedings passed by the Madras Government Candidates from that Presidency wishing to be qualified for the posts of Deputy Inspectors of Vaccination and Vaccinators are applying to the local Vaccine Institute for being trained

Not available here

3 Students have been trained in the Institute and sent back with certificates of qualification

and three are undergoing training.
In consideration of the trouble taken
in training these men I have
in consultation with the
Sanitary Commissioner proposed
fixed a fee of Rs. 25/- for candidates
seeking admission into the Deputy
Inspectors Class and Rs 10/-
for candidates for the Vaccinators
Certificates while persons from
Myore employing for persons
in the State are taught free
A sum of Rs 170 has been
collected up to date from
Students from outside the State
and from 25 to 75 Rs may be
collected every two months
on this account for some time

In Proceedings of Government
No 11665 dated 17th March 1898, a fee
Mrs. 7. 28-96
is sanctioned for Government Chemical
Examiner and Bacteriologist for

examining articles sent by private individuals and of these 4 per cent is credited to Government on account of the probable cost of Chemicals &c used

In training the Deputy Inspectors and Vaccinators, Government is not put to any expense and as such I would recommend that the whole amount of fee may be permitted to be taken by the Superintendent of the Institute and assistants who train the students

GOVERNMENT OF MYSORE

GENERAL

PROCEEDINGS

Dated 2nd May 1899

No. 12452-4
Mis. 2680

Directing that the fees paid by candidates from the Madras Presidency for the purpose of being trained in the Vaccine Institute, Bangalore, be credited to Government.

SBP—6-5-99—200

READ AGAIN—

Letter No. 315, dated 28th June 1898, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

I have the honor to report for the information of Government that agreeably to certain Proceedings passed by the Madras Government, candidates from that Presidency wishing to be qualified for the posts of Deputy Inspector of Vaccination and Vaccinators are applying to the local Vaccine Institute for being trained.

Three students have been trained in the Institute and sent back with certificates of qualification and three are undergoing training. In consideration of the trouble taken in training these men, I have, in consultation with the Sanitary Commissioner, Madras, fixed a fee of Rs. 25 for candidates seeking admission into the Deputy Inspector's class and Rs. 10 for candidates for the Vaccinator's certificates, while persons from Mysore qualifying for service in the State are taught free.

A sum of Rs. 170 has been collected up to date from students from outside the State and from Rs. 25 to Rs. 75 may be collected every two months on this account for some time.

In Proceedings of Government No. 11665—Mis. F. 28-96, dated 17th March 1898, a fee is sanctioned for Government Chemical Examiner and Bacteriologist for examining articles sent by private individuals and of this four per cent is credited to Government on account of the probable cost of chemicals, &c., used.

In training the Deputy Inspectors and Vaccinators, Government is not put to any expense and as such I would recommend that the whole amount of fee may be permitted to be taken by the Superintendent of the Institute and Assistants who train the students.

READ—

Letter No. 156, dated 7th March 1899, from the same officer.

With reference to your No. 10010—Mis. 2195, dated 25th ultimo, I have the honor to forward herewith copy of Circular No. 556—S, dated 21st idem, issued by the Sanitary Commissioner for Madras, requiring the candidates eligible for the posts of Deputy Inspector of Vaccination in the Madras Presidency to undergo the training in the Mysore Government Vaccine institute, and to state that there is no Government Order of the Madras Government on the subject, as stated in this office letter No. 315, dated 28th June 1898.

Circular No. 556—S, dated 21st February 1899 of the Sanitary Commissioner, Madras.

Under Government Order No. 435, Public, dated 17th April 1897, candidates who have passed the Certificated Sanitary Inspector's Test and satisfy the Sanitary Commissioner as to their experience in Vaccination will be considered eligible for the post of Deputy Inspector of Vaccination in the Vaccination Department.

Candidates who wish to apply for the post of Deputy Inspector of Vaccination are advised to obtain training in Animal Vaccination at the Mysore Government Vaccine Institute, Bangalore, where unusually good facilities for securing experience are available.

No. 12452-53—Mis. 2680, DATED BANGALORE, 2ND MAY 1899.

ORDER THEREON.—The attention of the Senior Surgeon and Sanitary Commissioner will be invited to the instructions conveyed in the marginally noted Government Proceedings prohibiting Durbar Officers from corresponding direct with Officers in British India, except on matters of mere routine such as are therein specified.

No. 9925—Mis. 2015, dated 17th February 1898.
No. 5188-216—Mis. 995, dated 8th November 1897.

General, dated 2nd May 1899.

The proposal to train candidates from the Madras Presidency in the Vaccine Institute at Bangalore, and to levy fees from them, should have been reported to this office before taking any action in that direction, to enable the necessary communication being held through the Residency.

2. The Senior Surgeon's proposal to permit the Superintendent of the Institute and his assistants to appropriate the fees above referred to does not commend itself to Government, as they are salaried officers of Government and cannot, on principle, be allowed to regard the amount of fees levied as a portion of their legitimate income. The fees should accordingly be credited to Government.

C. SREENIVASIENGAR,
Secy to Govt., Gen. & Rev. Depts.

Dated. 17th June 1899
No. 237

I HA 28-97-5

Sir,

In forwarding the enclosed letter from the Superintendent of the Vaccine Institute, I have the honor to -- state that these persons who have been and are being taught in the Vaccine Institute are not Officials, but private individuals, the majority of whom have passed the Sanitary Inspectors test, and unless they are acquainted with the method of Lanoline Vaccine Incoulation and Vaccination they find it difficult to get an appointment under the Madras Government, as this qualification is considered necessary. The fee of Rs. 25/- was suggested to me by Col. W.G. King, C.I.E., Sanitary Commissioner of Madras, as being a fair one, and this we have been charging. No official correspondence between myself and the Madras Government has taken place, so that Govt. Proceedings No. 9925 Mis. 2015 dated 17.2.98, & No. 5188-216 Mis.

~~25~~ 32

Mis. 995 dated 8.II.97, have not in any way been infringed. As already represented to Government a sum of Rs. 400/- has been collected in fees and some 34 candidates are at present undergoing the course of instruction and some 40 others have applied for rules etc. regarding the course of instruction at the Institute, so that by the end of July a sum of over I000/- will have been taken in fees. In the face of Govt. order No. I2452-53 Mis. 2680 of 2nd. May I899, I have the honor to again address Government with a request that the fees so collected may be given to the Officers of the Vaccine Institute in return for the extra work imposed upon them, as this work cannot legitimately be classed as Government work, as the Superintendent of the Institute in his letter points out, in order to afford these students the necessary instruction they have to sacrifice some of their leisure hours, which might be employed in private practice

The Vaccine Institute is already well known, & the fact of so many applying for admission will tend to make it better known.

I have the honor to be

Sir,

Your most obedient servant,

Fraser Simonds

ment Vaccine Institute
should be credited to

Government I beg to state that the Medical Officers in the Institute have work from 7 to 12 A.M and 3 to 6 P.M. daily besides for 1 or 2 hours at night frequently so that those in the Institute have to devote more hours than their brethern in charge of other Institutions in the Province

I may mention that the work in the Institute has increased four times the amount for which the Institute was originally started having to supply various parts of India and Burmah

The teaching that has to be imparted to the Students requires previous study and this has to be done at our leisure hours sacrificing our personal comforts and private practice

I request therefore that you will be so good as to recommend that fees recovered from Students may be given to the Superintendents for their benefit

Dr Sreenivasa Row Chemical Examiner & Bacteriologist to Government is getting an allowance of Rs 200/- per mensem for teaching students in the Central College

35 ~~20~~

Eleven Students have been transmitted up to date and a fee of ~~Rs~~ 40/- recovered from these as well as from the 5 Students now undergoing training in the Institute.

I beg to remain
Sir
Your most obt Servant
Vaccination
Superintendent
Vaccine Institute

Sir

Referring to Proceedings of
Government No. 11025-26 Mis 3314
dated 5th April/00 sanctioning
tentatively upto 30th June/00 the
system of giving 50 per cent of
fees collected in the Vaccine Institute to the Medical officers
attending candidates for post of
Deputy Inspectors of Vaccination
and Vaccinators and stating that
a fixed teaching allowance will
be sanctioned to them from 1st
July 1900 I have the honor to
suggest that the present arrange-
ment of paying 50 per cent

of

of the collection be continued
instead of granting a fixed
allowance I has will I think,
be conducive to a higher
Standard of work on the part
of the Medical officers concerned
and be a possible inducement
to intending candidates to join
the class at this Institute

Should this proposal not
meet with the approval of
Government I would recom
-mend that the Superintendent
and his assistant be granted
an allowance of Rupees fifteen
each per mensem, which I
consider to be reasonable

Sir

In reply to your No 9055 Mis. 1962 dated the 16th Instant, I have the honor to inform you that Rs 355/- were collected as fees from Students from 1st May to 31st December 1900 and remitted to the Treasury

355/8 = 44 3/4

It is not possible to state what the probable collections would be in future as out of about 80 students that obtained certificates of qualification

from the Institute I understand more than 80 % have yet to be provided with appointments in the Madras Presidency

Since December last only one student has sought admission to be trained as a Vaccinator and none for the Deputy Inspector of Vaccination

Sir

I have the honor to enclose for the orders of Government a letter No 603/S of 17th March 1901 from the Sanitary Commissioner of Madras

2 It will be observed from this letter that he wishes to have five men trained at the Mysore Government Vaccine Institute; but on referring

to G O No. 10116-7 / Mis. F. 12-900 of 9th February
1901, I find it implied that
the Superintendent of the
Myson Vaccine Institute may
take on such pupils but
without receiving any re-
-muneration for the training
of them This sort of work
not being obligatory the
Superintendent naturally
does not want to take on these
students seeing that he is
debarred from benefitting
pecuniarily by teaching
them. Under the old system
he would have taken them
on at once and Government
would have been the richer
by half the amount of
their fees while the Superintendent
would have been benefitted
in similar manner in

63 5b

addition to the benefit he would have derive professionally by playing the role of teacher

3 I have therefore the honor to request that the old procedure be revived so that the men the Sanitary Commissioners of Madras wishes to be trained may be trained and the Government of Mysore and Superintendent of the Mysore Government Vaccine Institute be also benefitted

4. Besides the men whom the Sanitary Commissioner wishes to have trained there are eighteen other applicants for training so that the matter is one of some moment and I suggest that Government will be pleased to pass very early orders on the subject

I have the honorable

My dear sir,

I am directed to acktg: the receipt of your D.O. dated the 11th ultimo enquiring whether the term "this year" used in Government Progs No.14971-72/Mis.F.12-1900 dated 9th idem, on the subject of the admission of candidates for training in the Vaccine Institute, Bangalore, refers to the current official year or the calendar year, and stating that the concession will be of no value if the former is meant, as the pupils must be at least two months under tuition before Examination, and three months or more if they fail at the Examination. In reply I am to say that the term "this year" refers to the time during which the candidates are to be admitted for training, but does not limit the period of training. The candidates now available ~~must~~ may be at once admitted, and trained on the terms specified in the Government Order referred to above.

I am to add that the reason why Government have not been favorable to making the system permanent is that they consider it objectionable in principle to give to ~~the~~ its

S+A 28-97-24

to ~~the~~ its officers a percentage on the fees collected in consideration of the additional work devolving upon them.

I remain

yours sincerely,

Sd/- L. Anantasami Rao.

please? Thanks
13/8/07

28-97-25

Subd with the file & the off. letter from the S. Surgeon on the assigned-

14/8/07

I am again applying for pension. There is the work of testing at the Mysore Research Institute conducted on the old term. Experiments have been going on testing about twenty other persons on the ground, as stated in grounds of (2 data) that the individuals to be appointed for a percentage after collected by the credit offered for work done by them. There must something in this but it appears to me that in the present instance it is simply an extension of the Company practice of paying testers by results

But the mere matter of the method
by which the superintendent of the
institute shall get some reward
for the extra duty of teaching
is a detail, and I shall be
very pleased with the proposed
to devise another & equally remunerative
form of recompense than for
upon the deal of pardon work.
— I regard as of the greatest importance
that the work of tuition be continued
in the Mayors Institute — It gives
the Institute a higher status,
it keeps the Superintendent
abreast of the latest practices
of Vaccination and as a bonus

became to them a matter not to be despised
in these hard times The work of
teaching can I am no sooner be
regarded a part of his ordinary
duties as superintendent of the
Institute Because a man can
do a certain duty in addition to his
duties proper is no reason for expecting
him to do that duty for nothing
Simmons Rice, for instance can teach
Brotzy, but no one dreams of asking him
to you should do it for nothing — Or to work
at Boys Harbor — He can teach Vaccination
I can do it well But that is no reason
for nothing
why he should be made to do it when
it forms no part of the duties of
the mine inspector of Vaccination Agents &
Sub-distributing clerk Lucien F Burnett.

It is a distinct subject & he should be
paid for doing it As I have said proved
he is [illegible] for it the most of reasons the
money is a deduct which may well be
left to the pleasure of Government It should
be remembered also that Govt receive
a very substantial income from the
Institute — & the profits which the Superintendent
Gimbernat Clarke as his work the
pleasure to be the income of the
Institute — & the profits the Revenue
of the Public Purse —

I say to both you & the Govt
but I do want the work of tuition
at the Institute continued! We are the
only people in the East who are doing
this most necessary work — & I would respectfully
& earnestly ask to give it us —

Yours very faithfully

Office of Senr Surgeon and Sanitary Commissioner Mysore Government

Bangalore 10th August 1901.

26 27

From

The offg Senr Surgeon &
Sanitary Commissioner
with the Government of Mysore

To

S & A 28-97-26

The Secretary to the
Government of Mysore
Genl & Revenue Depts
Bangalore

Sir

With reference to Govt
order No 14971-72 of 9th May 1901
Revs 12-1900

2.26

I have the honor to request
that Government will be pleased
to sanction the continued
tuition of pupils at the
Vaccine Institute on the
same conditions as those
specified

Specified in the above Government order.

2. I consider it would be a great mistake to stop such tuition not only because it serves the very useful object of giving adequate training in Vaccination but it makes the Superintendent take a special interest in his work and the practice of teaching affords him the best means of keeping himself abreast of the literature and practice of Vaccination.—

I have the honor to be
Sir
Your most obedient Servant

Major I.M.S.
Offg Senior Surgeon H.S.

With reference to your no: 5-666 / G.T. 30-97 dated 16.10.02 I have the honor to state that classes for qualification as deputy Inspectors of Vaccination are opened 6 times in a year, the Candidates being admitted on the 1st of every alternate month. The Course extends for two months and Comprises both Theoritical & Practical instruction. The Candidates are required to attend not less than 12 lectures as per Syllabus enclosed. They have besides to attend practical demonstrations both indoor & outdoor given every morning.

A class is also held for those —

qualifying

qualifying for vaccinators appointment
Their instruction lasts only a month and
Comprises some practical hints on —
Vaccination

In the year 1901, the amount of
fees Collected and remitted into the
Treasury up to the end of June 1901
was Rs 510/— and as per Govt: Proceedings
nos: 10116-7 dis 7.12.1900 dated 9th February 1901
and 14971-72 dis 7.12.1900 dated 9th May 1901 —
respectively, two bills for 50% of the
fees Collected, were submitted to Govern-
ment along with this office nos: 1094
dated 22.3.01 and 698 dated 12.10.01
which were Sanctioned - Rs 255/- This
obtained was distributed among the
two teachers equally. Since June 1901
up to this date Rs 210/- has been —
remitted into the Treasury but no
moiety of this amount has been
paid to the teachers as yet
